

## Proven Solutions Church Management

An affordable and powerful management tool for all places of worship. Designed to enter basic or detailed information about members and their families.

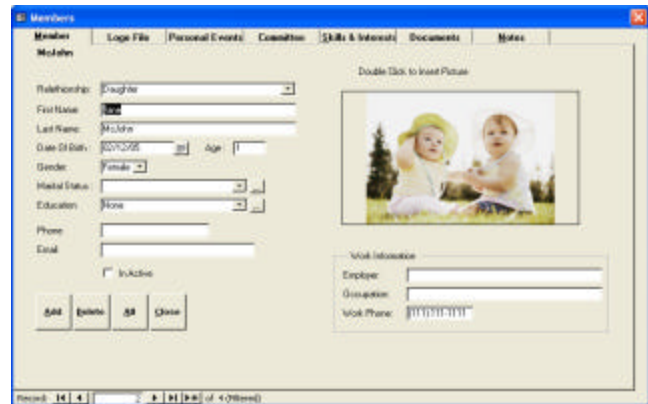

Information such as personal events, skills and interests, contributions and pledges are just some of the data that can be stored to help a religious institutions manage their activities.

The Church Management software completely integrates into Proven Solutions Accounting allowing for easy retrieval of both statistical and financial information.

The system tracks the activities of Members, committees, events and more.

The ability to process and track weekly or one time giving, allows management to better understand their financial position.
